MEMORANDUM

DATE: August 1, 2025
TO: Grease Pumping Companies
FROM: TriRiver Water
Fat, Oils and Grease

In an effort to maintain communication with our grease pumping companies, we are forwarding this memorandum to inform you of changes within TriRiver Water. July 1, 2024 TriRiver Water was born via a merger with Pittsboro, NC. One year later, Tuesday, July 1, 2025, TriRiver Water has merged with Chatham County and Siler City.

Due to these mergers, we are requesting septic/grease pumping companies, servicing the above-mentioned areas, forward all “pump out manifests” for grease traps or interceptors to one of the following individuals:

Kay Bunnell, Utility Connection Coordinator
Office: 919-777-1243
kay.bunnell@tririverwater.com

or

Sheila Brown, F.O.G. Technician
Bus. Cell: 984-368-0576
sheila.brown@tririverwater.com

I have also attached a “Grease Manifest Log” to record all pump outs for customer grease traps/interceptors. on one log instead of sending individual manifests for each customer. This log is optional

Should you have any questions or concerns regarding this memorandum, do not hesitate to contact our office.

Have a great day!

Sheila Brown

FOG Technician
